- Deploys in 1 min with one person
- Operates up and down in 10 sec
- 48 ft<sup>2</sup> interior space
- Anodized aluminum frame
- Stainless steel hardware
- 400D DWR coated cover
- 2 branding locations
- Open top
- 45 lbs

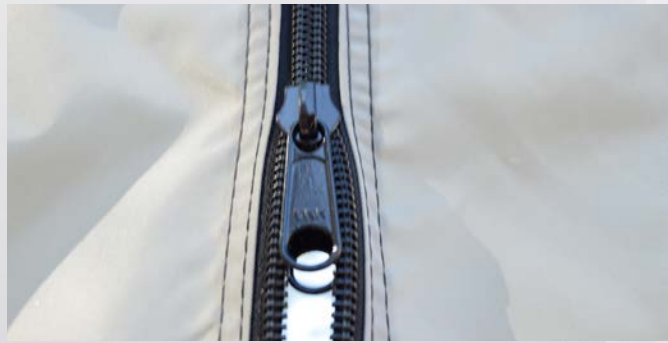

## YOUR *PRIVACY* ON *THE SCENE*

FrontlinER™ is the ultimate privacy tool. It weighs only 45 lbs and deploys with one person in less than a minute.

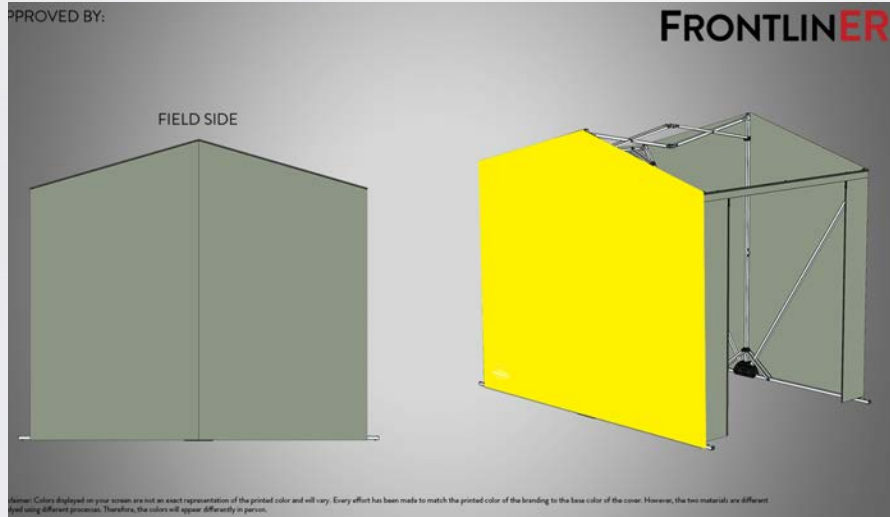

Open top to utilize the natural light of your environment. Anodized aluminum frame, stainless steel hardware, and dual pull YKK zippers to ensure longevity and corrosion resistance.

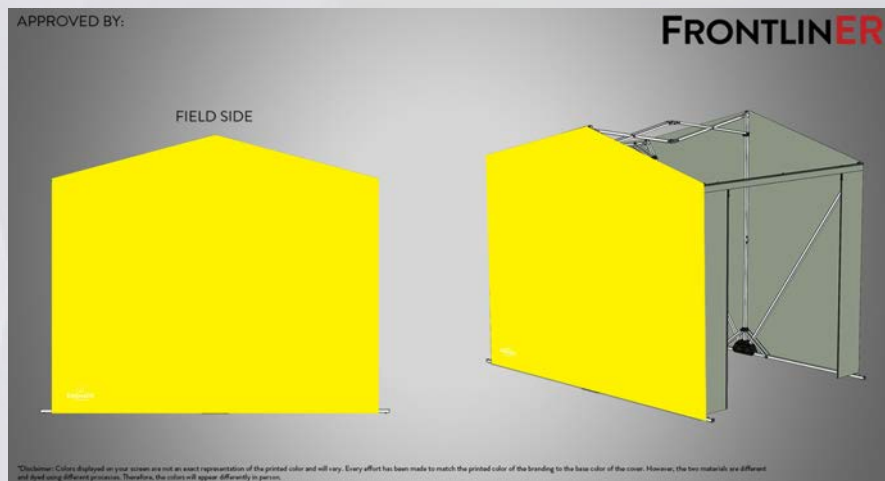

Custom branded panels that attach with velcro are available for both sides of your cover. FrontlinER™ is fully functional with or without branding.
